Inspirations

A photograph of a baby's nursery room. In the foreground, a white wooden crib is visible, with a mobile hanging from its top rail. The mobile features various colorful toys, including a blue and red ball, a yellow and red ball, and a blue and yellow ball. A small blue teddy bear is hanging from the side of the crib. To the left of the crib, a changing table is partially visible, with a colorful toy hanging from its edge. In the background, a window with a white frame looks out onto a night sky filled with stars and a dark silhouette of a tree. The room is softly lit, creating a calm and cozy atmosphere.

Since the space which surrounds us has such a tremendous impact on our mood, we are delighted to present to you various ways of achieving a pleasant, bright and comfortable interior. The sun's rays boost our morale and make the thoughts become more positive so that we can see our lives in brighter colours. Each of us wants to live and work in a positive and relaxed atmosphere. By using FAKRO branded windows and accessories this is easily within reach.

### YOUR SAFETY IS OUR PRIORITY

The safety and security features incorporated in FAKRO windows increase the comfort of living. Thanks to them you can feel safe no matter under what latitude you live and work. Rest assured that your family and loved ones are in safe hands. Dreams under FAKRO windows are always serene.

### RESPONDING TO YOUR NEEDS

We have an individual approach to each and every customer. We listen to their needs and come up with effective solutions. A wide palette of colours and a variety of wood types allow us to create a product which is made to meet the needs of even the most demanding customers. Using the latest solutions and attention to detail results in unique products and satisfied investors.

### ECO-FRIENDLY

FAKRO is an eco-friendly company, cultivating and promoting solutions designed with the environment in mind. We use organic raw materials in the production process, while our products meet and even exceed thermal insulation requirements effective for windows. The sophisticated design of glazing units goes perfectly with the objectives of sustainable construction.

### CREATING DESIGNER SOLUTIONS

Modern customers require the product to be not only functional but also allowing the arrangement of the space in which they live. FAKRO products are compliant with all these market requirements.

## LIVING ROOM

1. DEF flat roof window.
2. Combinaton of FTP-V pivot windows.  
ARF blackout blind.

# HOME RELAXATION CENTRE

A couch, good book, relaxing music - the perfect scenario for an afternoon rest after a hard day's work. The living room is a place where we talk, meet up with friends and family and spend time playing with the kids. Good atmosphere in the living room in the rays of natural light will disperse all the frustrations and sorrows and inspire the implementation of creative ideas.

## CHILDREN'S ROOM

1. Combination of FTP-V pivot windows.  
ARF blackout blinds.
2. ARF DreamWorks blackout blind.

## OASIS OF FUN

Loft space is the ideal choice for arranging a room for children. FAKRO roof windows will carry the youngest family members into distant lands, further stimulating their vivid imaginations. Soothing hues of blinds will bring peaceful and colourful dreams and the anti-burglary handle will ensure not only real security but also peace of mind.

## TEENAGER'S ROOM

1. Combination of white windows. FPU-V top hung and pivot window and FXU non-opening window.

2. DXF flat roof window.

## PLACE OF LEARNING AND PASSION

For the teenage mind the whole world stands wide open daring them to explore. Under FAKRO roof windows the young heads are whirling with thoughts, first love dilemmas and ideas for life. This is where we try to discover musical passions in ourselves, study for exams or devise plans for our future.

## BEDROOM

1. FTP-V pivot window.
2. FTP-V pivot window.

# REFUGE FROM THE DAILY HUSTLE AND BUSTLE

The daily hustle and bustle often forces us into making rash decisions. For many people it is only the brief moment before bed that they allow themselves to slow down, reflect on the day and look at the sky. The view of the starlit sky just above your bed will surely relieve fatigue and the inflow of fresh air through FAKRO roof window will improve the quality of your sleep. In the summer, protection against pesky insects is easily achieved with the use of FAKRO AMS mosquito screens.

## KITCHEN

1. Electrically operated FTT Thermo pivot windows.
2. Combination of FTU-V white pivot windows. ARP Z-Wave roller blind.

## FLAVOUR OF HOME

This is the place of common meals, discussions, trials and successes of various culinary endeavours. In the kitchen, we spend a lot of time preparing casual meals or exceptional evening dinners.

## DINING ROOM

1. FPP-V preSelect MAX top hung and pivot window. ARF blackout blind.

2. FPP-V preSelect MAX top hung and pivot window. ARP roller blind.

## TASTY AND HEALTHY

Comfortable chairs and a large table. Dining room is a place where the family can find time in everyday bustle to sit down and talk having a tasty meal.

## BATHROOM

1. PTP-V pivot aluminium clad - plastic window.
2. Electrically operated PTP-V pivot aluminium clad - plastic window.

## MOMENT FOR YOURSELF

A hot bath, refreshing shower after jogging, and most importantly, a moment for yourself. To enjoy the functionality and aesthetics of your bathroom for a long time use FAKRO roof windows which are made of materials which ensure durability. In addition, the air inlets provide adequate air exchange and appropriate level of humidity.

## OFFICE

1. Combination of FDY-V Duet proSky windows.  
ARF blackout blinds.
2. Electrically operated FTT Thermo windows.

## CLEAR MIND

An office in the attic has its own unique character but measures must be taken to make sure that excessive heat does not make us sweat away on those sweltering days. A good solution to this problem are FAKRO roller and awning blinds which effectively protect the rooms from overheating. An unobstructed view will be provided by FAKRO high pivot windows, L-shaped combination windows or the so-called balcony window Galeria. A sense of comfort in the office translates into higher quality and efficiency of our work.

## ATTIC

1. Highly-insulated LWT loft ladder.
2. LST scissors loft ladder.

# ROAD TO THE WORLD OF TREASURES

We find the attic space as the place full of unforgettable memories and valuable objects. FAKRO loft ladders can withstand heavy loads and ensure maximum comfort of use. High thermal insulation performance and easy installation complement their advantages.

## STAIRCASE

1. DEF flat roof window.
2. Combination of FTP-V pivot windows.

## ROAD TO PEACE AND QUIET

A staircase is often an important element of our house, co-creating its image. Properly lit with natural light it looks majestic and invites us to enter the loft to relax in this part of the house where we can enjoy most privacy.

## TERRACE

1. INNOVIEW HST Sky lift and slide doors and INNOVIEW fixed window.

2. PSK INNOVIEW tilt and slide doors.

# HOUSE OPEN TO THE SURROUNDINGS

Invite the world inside. The large-sized FAKRO Innoview doors ensure a wide view to the outside and a comfortable exit to the terrace. Wide open doors enlarge the space inside the living room and the boundary between the interior and your garden disappears.

## VERTICAL WINDOWS

1. INNOVIEW vertical window.
2. INNOVIEW PSK tilt and slide window.

## STYLISH ILLUMINATION

Windows are indispensable complement to the interior design. Ever-present wood accents inside and aluminium finish outside are elements that ensure durability and style. FAKRO Innoview vertical windows are synonymous with beauty, elegance and the ultimate quality.

## HOME ENTRANCE

1. INNOVIEW LINE garage door.
2. INNOVIEW LINE entrance door.

## FIRST IMPRESSION

The front door should make a good impression on the visitors. The style of the building from the outside perspective is co-created by entrance and garage doors. Modern design of Innoview products adds character to the building, while the highest quality products stand behind effective thermal insulation, comfort of use and peace of mind about the safety of the residents.
